Aaron/Steve - Hope you both are great. See email below from Laurie Stone regarding a discussion she recently had with Shelby Jordan. He was interested about possible FIG BID plans in the area. Will let you know when I speak to him.

Hi, David. I hope you're well (and enjoying your vacation, so not reading this until you return on the 20th!). I had a long conversation with Shelby Jordan via telephone today, about a number of things, including his plans and objectives for his own property developments as well as his care and concern for how the properties around his are developed. He mentioned being curious as to what if anything was being done for beautification on Vermont and whether the Figueroa Bid was going to be expanded at all to that area. I let him know that you might have more information on any activities/plans the BID may have and gave him your office phone number. I suspect you'll have a call from him in a couple of days. Let me know if you have any questions. Thanks, Laurie.
